Design Technology Learning Links in the EYFS

The EYFS framework, and our own EYFS Curriculum, is structured very differently to the national curriculum as it is organised across seven areas of learning rather than subject areas.

Based on the statements from the 2020 Development Matters document, this document describes the skills that need to be developed in the EYFS for children to access DT within the national curriculum. The table below outlines the most relevant statements taken from the Early Learning Goals in the EYFS statutory framework and the Development Matters age ranges for Three and Four-Year-Olds and Reception to match the programme of study for DT.

The most relevant statements for DT are taken from the following areas of learning:

- Physical Development
- · Expressive Arts and Design

DT		
Three and Four-Year- Olds	Personal, Social and Emotional Development	 Select and use activities and resources, with help when needed. This helps them to achieve a goal they have chosen or one which is suggested to them.
	Physical Development	 Use large-muscle movements to wave flags and streamers, paint and make marks.
		 Choose the right resources to carry out their own plan. Use one-handed tools and equipment, for example, making snips in paper with scissors.
	Understanding the World	Explore how things work.
	Expressive Arts and Design	 Make imaginative and complex 'small worlds' with blocks and construction kits, such as a city with different buildings and a park. Explore different materials freely, in order to develop their ideas about how to use them and what to make. Develop their own ideas and then decide which materials to use to express them.
		 Create closed shapes with continuous lines, and begin to use these shapes to represent objects.
Reception	Physical Development	Progress towards a more fluent style of moving, with developing control and grace.
		 Develop their small motor skills so that they can use a range of tools competently, safely and confidently.
		 Use their core muscle strength to achieve a good posture when sitting at a table or sitting on the floor.
	Expressive Arts and Design	Explore, use and refine a variety of artistic effects to express their ideas and feelings.
		 Return to and build on their previous learning, refining ideas and developing their ability to represent them.
		Create collaboratively, sharing ideas, resources and skills.

ELG	Physical Development	Fine Motor Skills	Use a range of small tools, including scissors, paintbrushes and cutlery.
	Expressive Arts and Design	Creating with Materials	Safely use and explore a variety of materials, tools and techniques, experimenting with colour, design, texture, form and function.
			Share their creations, explaining the process they have used.

These are the building blocks that will enable the children to access the national curriculum programmes of study for Design Technology in Year 1.
