Our Curriculum

We deliver our curriculum through a balance of adult led and play based activities based on the EYFS Framework 2021, Development Matters 2021 and children's interests. Our curriculum is a top-level plan of what we want our children to learn and the experiences we aim to provide during their time in Reception. Our plans are flexible in recognition that young children's learning is often driven by their interests.

Our Curriculum

We recognise the importance of playing and exploring for young children and provide lots of opportunities for our youngest children to learn through play during the school day. This play is supported by high quality interactions from the adults, encouraging our children to problem solve, persevere, take risks and develop independence.
